

PRODUCT LINE CARD

 MITSUBISHI ELECTRIC Heating and Cooling		Residential and commercial ductless air conditioners and heat pumps
		Cold climate Hyper-heat heat pumps
		VRF 2 pipe systems in cooling and HP
		Energy recovery ventilators with Lossnay® Core
		Energy recovery ventilation
		Semi custom packaged or split premier DOAS / MAU / VRF ventilation solutions with ERV, AC, & gas heat
		Integrated zoning system
		Bacnet interface plug and play IP and MSTP individual modules for all Mitsubishi Electric Systems
	Air cooled and water cooled chillers and HPs, total or partial heat recovery and free cooling chillers, simultaneous heating and cooling HPs, modular chillers, innovative zoning, and the world's quietest fan coils	
	Side discharge inverter condenser Central ACs and HPs in 1, 1.5, 2, 2.5, 3, & 4 Ton AHU and HP with matching indoor air handler in 2, 3, & 4 Ton – AHRI Certified	
	Wall mounted AC and HP units that are ideal for areas with limited ground space	
	Air cooled and water cooled portable air conditioners on wheels	
	Small duct central heating and air conditioning that fits into almost any small duct application with little to no remodeling	
HVAC Accessories	Line sets, wall brackets, snow stands, Wi-Fi Thermostats, and more!	
	Tankless water heaters, combis, condensing boilers, fire tube boilers, fire tube combi boilers, and accessories	
	Boilers, combi-boilers, tankless water heaters, air handlers, indirect water heaters, and pool & spa heat exchangers	
	Circulators, controls, and hydronic accessories	
Hydronic Accessories	Rehau Pipe, HBX Controls, Calefactio System Feeders, Aquatechnik Fusion-Tech Pipe, Salus Smart Systems, Stelrad Radiators, Thermo2000 Tanks, Bradford White Combicor Water Heaters, Webstone Valves and Flanges, and more!
