MITSUBISHI ELECTRIC COLD CLIMATE HYPER HEAT HP ADVANTAGE

All Mitsubishi Electric Cold Climate Hyper Heat HPs, Standard HPs, and Cooling Only split systems are in stock. With VCSi technology, the compressor speeds up and slows down to maintain the conditioned space temperature which provides exceptional comfort. Contact your Mitsair Sales Rep for the 2021 Spring Program and find out how to earn reward points towards the annual Dealer Trip.

GET YOUR MITSUBISHI ELECTRIC AUTHORIZED TECHNICIAN NUMBER

Due to the COVID-19 pandemic, Mitsubishi Electric has suspended all in person M-Series (RAC), P-Series (PAC), and Zuba trainings until further notice. Online training on MESCA Academy is available which provides an Authorized Technician Number with 1-year expiry date starting from the date of completion. Contact training@mitsair.com for the online training portal login and password.
